USCIS today announced that the initial registration period for the fiscal year (FY) 2022 H-1B cap will open at noon Eastern on March 9 and run through noon Eastern on March 25. During this period, prospective petitioners and representatives will be able to fill out petitioner and beneficiary information and submit their registrations.

A confirmation number will be assigned to each registration submitted for the FY 2022 H-1B cap. This number is used solely to track registrations; you cannot use this number to track your case status in Case Status Online.

Prospective H-1B cap-subject petitioners or their representatives are required to use a myUSCIS online account to register each beneficiary electronically for the selection process and pay the associated \$10 H-1B registration fee for each registration submitted on behalf of each beneficiary. Prospective petitioners submitting their own registrations (U.S. employers and U.S. agents, collectively known as “registrants”) will use a “registrant” account that will be available soon. Representatives may add clients to their accounts at any time, but both representatives and registrants must wait until March 9 to enter beneficiary information and submit the \$10 fee. Prospective petitioners or their representatives will be able to submit registrations for multiple beneficiaries in a single online session. Through the account, they will be able to prepare, edit, and store draft registrations prior to final payment and submission of each registration.

If we receive enough registrations by March 25, we will randomly select registrations and send selection notifications via users’ myUSCIS online accounts. We intend to notify account holders by March 31.

An H-1B cap-subject petition may only be filed by a petitioner whose registration for that beneficiary was selected in the H-1B registration process.

We will conduct public engagements and other outreach activities to ensure that representatives and registrants are familiar with the electronic registration process.

Additional information, step-by-step registration instructions, and helpful videos are available on the [H-1B Electronic Registration Process](#) page.

H-1B Selection Process Rule Effective Date Delay

USCIS has also [announced](#) that DHS is delaying the effective date of the [H-1B Selection Process final rule](#) until Dec. 31, 2021. USCIS will apply the regulations currently in place (random selection) to the initial registration period, and, any subsequent registration period for the FY 2022 registration process that takes place before Dec. 31, 2021.

Additional information is available in the [Federal Register notice](#).
